

COMPREHENSIVE RADIOLOGY SERVICES

DIAGNOSTIC RADIOLOGIST - PARTNERSHIP TRACK

CRS has an opportunity for a full-time position joining 20 radiologists in a well-established private practice in Mississippi. The position includes a 2-year partnership track and partner income potential above the MGMA 75th percentile. The practice currently has multiple fellowship-trained radiologists who provide reads for sub-specialty cases and is looking for radiologists in any of the following sub-specialties to grow with us:

- Neuroradiology
- Mammography
- Body Imaging
- Musculoskeletal

Job Requirements:

- Neuroradiology, mammography, body imaging, or musculoskeletal fellowship-trained physician who is board certified or eligible.
- 40 weeks of clinical coverage, inclusive of 4 weeks of night coverage per year.
- Provides full radiology services on-site to several local facilities with teleradiology services to remote communities.
- Mammography is not required for non-mammo specialists.

Benefits:

- 12 weeks of vacation in weekly blocks
- Additional day off after weekend call
- Voluntary holiday coverage worked for extra pay
- 1 hour lunch break daily
- Health, dental and vision insurance
- Pension plan
- Life insurance and disability
- CME allowance

Community:

College town with a safe, family friendly environment in the Gulf South with over 400 providers and multiple healthcare facilities that serve the surrounding communities. City boasts a low cost of living while serving as home to two universities and a location within a couple of hours from sandy beaches and New Orleans.
