Make a difference in your community

WHERE YOUR VOICE MATTERS

CRS provides the opportunity to live where you practice and make a difference in your own community.

In our mid-size practice, every voice is heard, economic opportunities are shared, and your vote counts the same.

A CAREER OF SERVICE

I will miss the opportunity to be of service to so many people and relative ease of radiologists to treat all patients equally regardless of their ability to pay, ethnicity, and all other social factors since we are all alike on the inside and the inside is what we see.

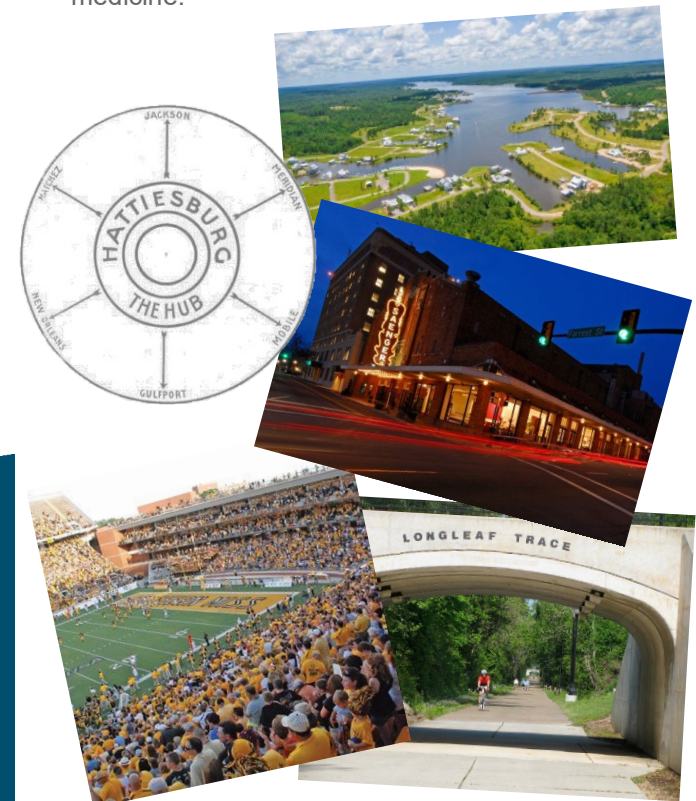

- Craig Howard, MD
Retired Radiologist of 40 Years

PRACTICE STABILITY

Our non-corporate, private-practice covers a 25+ county service area across South Mississippi. We continue to grow, invest in people and new technology while maintaining top quartile financial returns for our physicians.

HATTIESBURG, MISSISSIPPI

Live in a premier city in the Gulf South. Hattiesburg is home to The University of Southern Mississippi and William Carey University. The "Hub City" is family friendly and boasts a cost of living 20% below the national average. In 2022, Mississippi was ranked top 10 states for physicians to practice medicine.
